

Although we fire many displays our dedicated wedding display service remains our core business throughout the year, therefore we have produced four wedding specific display packages to suit your budget and requirements.

Light up the sky on your wedding night with an amazing display fired by F1 Pyrotechnics. We fire amazing firework displays to 'wow' you and your guests to mark an extra special ending to your day.

F1 pyrotechnics are a professional firework display company specialising in creating wonderful and memorable pyrotechnic displays for all types of events from intimate weddings to large scale productions.

## WEDDING DISPLAY PACKAGES

**Emerald** - 5 minutes  
£650 all inclusive

The entry level Emerald display has been designed to provide a fantastic finale of fireworks ending in a huge finale of colourful aerial shells. This display includes over 75 individual fireworks launching over 450 effects in total.

**Sapphire** - 6.5 minutes  
£850 all inclusive

Our Sapphire display provides an extra 1.5 minutes more fireworks over the Emerald display and has been designed with the addition of a glittering finale of willow mines and shells completely filling the sky from the ground to 500 feet!!! This really will wow your guests! The Sapphire display includes over 100 fireworks launching over 600 effects!

**Ruby** - 8 minutes  
£1050 all inclusive

With 8 minutes of fireworks and a magical opening with fountains and crossing comet tails, the Ruby display adds a real unique spectacle to your wedding day. This display has a much higher content of aerial fireworks creating a much larger spectacle of colour and stunning effects ending in our unique Golden Titanium Brocade Finale. There are over 130 individual fireworks with high quality effects really making this a display to remember.

**Diamond** - 5 - 10 minutes  
£1250 to £2000 all inclusive

This is our flagship wedding specific display package. We design and fire this display using our computerised firing software that produces the most spectacular display possible. We like to keep the wedding displays under 10 minutes, so the sheer quantity and quality of fireworks in the Diamond display package is awesome. The sequences and choreography are truly mind blowing. If you really want to impress choose the Diamond display!

Once you have chosen your display and booked we will visit the venue to survey the area from where to set up and fire the fireworks in relation to the viewing point. We will be in contact with the venue, wedding organisers and the local emergency services which is standard procedure for all our displays. We are contactable 24/7 so there is nothing for you to worry about apart from enjoying an amazing firework display on the night.
